

Tree Mitra from CGPL Security team!

CGPL- Security Team actively participated in the Tree Mitra drive for making the premise green. They planted 30 nos. of native tree saplings around the security building. Col. Dinesh Singh Deo Head – Security, Mr Pradeep Ghosal, Head - Environment, CR & Sustainability, made their presence and inspired security team members.

Kudos to team CGPL!

Benefits:

Improve aesthetic look & ambience
Sensitizing & Care for Environment

Green heroes:

Dinesh Singh Deo, Pradeep Ghosal, Bhagat Batra and Sanjaykumar Malwadkar

Rescue of Python at Jojobera!

During his field visit, Mr. Surykanta Pradhan- Jojobera Operations found a python stuck near Unit 5 ACW area. Immediately he informed the fire department for rescue. The Fire team rescued the snake and released it in the safe area.

Good work Mr. Pradhan!

Benefits:

Snakes form a key link in the food chain. They act as predators, and as prey. They help maintain a healthy ecosystem and environment.

Green hero:

Surykanta Pradhan

Development of a Kitchen garden at Kalinganagar!

Kalinganagar Security team carried out plantation of banana, papaya, lemon and Chilly saplings near the main gate and parking area. All plants have grown well and already started yielding returns.

Good team work!

Benefits:

- Increase in green area
- Chemical free vegetables and fruits
- Team engagement
- Protection from dust

Green heroes:

Subrata Dash and security team

Best out of waste at Khopoli colony!

We generally dispose empty plastic bottles, cans and safety helmets after use. Ms. Neha Bande from Khopoli division thought otherwise and used them in the best possible way. She used the waste material for plantation purposes for her window, and in turn improved the aesthetic value of the area.

Great work!

Benefits:

Greening spaces for improved ambience .

Green hero:
Neha Bande

Tata Power Solar sets up great example of reuse!

Team of TPSSL made an in-house designed foot operated hand wash system using the scrap materials and installed in the rest rooms and canteen basin. Total 65 foot operated water taps were installed.

Great model of reuse! Kudos to the team Tata Power Solar!

Benefits:

Approximate 300 kg of metal scrap was reused and cost saving of Rs. 20,000 was achieved by this initiative.

Green heroes:

Hanumantharayappa M R, Prinson, Lokesh and Dipangkar Das
