

Recycling plastic scrap!

Employees from WREL - DMS & MMS, Surendranagar, Gujarat have taken a 4R project reusing damaged bottles and water jars. They converted them into sapling pots and sand tank for fire safety.

Good going!

Benefits:

- Recycling of plastic scrap.
- Reduce disposal needs and costs saving.

Green heroes:

Jayesh Rana, Dharmesh Rathod and team DMS & MMS

Water conservation at unit 8!

Trombay unit 8 team successfully developed a new process of transferring DM water from Unit 8 Condensate storage tank to unit 5 condensate storage tank. They saved 200 m3 of DM water and auxiliary power. A system was developed for adopting this practice at every unit outage.

Great initiative!

Benefits:

- Water Conservation.
- Auxiliary power saving.

Green heroes:

Manoj Mhare, Sachin Shinde , Pabitra Rout,
Suresh Maurya, Ajay Jadhav, Archit Doshi and
Shashikant Badhe

Reusing scrap!

Bhivpuri Hydro team reused 150 kg structural steel scrap and roof sheets for modification of passenger hoist. They also constructed a parking shed using scrap material.

Great team work!

Benefits:

- Conserves Resources.
- Reduces the waste stream
- Cost Saving

Green heroes:
