

## Recycling chain link fencing for wind barriers

With a motive to improve operational efficiency and sustainability, team members from MPL FGD project utilized MS scrap of chain link fencing as support for wind barriers constructed at Ash Pond.

- Recycling reduce greenhouse emissions and help fight climate change.
- Recycling scrap results in better housekeeping while keeping the costs low.

**Great work team!**

**Green Heroes: Dinesh K Gangwal, Tushar Kanti Das and Saugata Chakraborty**

## Mission serpent rescue!

Mumbai Distribution North Zone Team rescued a snake in Dahisar DSS near cable drum area. Snakes maintain the ecological balance by preying on the insects, rodents and other pests.

**Good work rescuers!**

**Green Heroes: Vikas Joshi, Amit Dalvi, Ishwar Gore, Rohit Bamgude, Shivam**

## Drum up the waste collection!

Employees of Trombay have undertaken a 4R initiative for waste management at the residential colony. They are using discarded chemical barrels for dry garbage collection.

This is a big step in waste segregation and waste management awareness.

**Thumbs Up to our green heroes!**

**Green Heroes: Ravindra Kamath, Vishal Harinkhere, Ashok Naik, Umesha S N and Siddappa Patil**

## Rescuing black kite!

Security Officer T & D, Mr. Prem Prakash found an injured black kite near his house. He immediately alerted Mr. Laxmikant Sharma and they contacted volunteers from Environment Department of Maharashtra Government for help.

While they waited for help to arrive, Mr. Prem Prakash did basic first aid and then handed over the bird for further treatment. Maintaining the ecological balance is important and it is the responsibility of each one of us..

**Well done team!**

**Green Heroes: Prem Prakash and Laxmikant Pyarelal Sharma**

## Making Jojobera green!

On the occasion of World Environment Day 2022, FGD - NOX project team of Jojobera took up a plantation drive. In the presence of Senior leadership, Mr Manoj Samaiyar Head - FGD & NOX Projects Jojobera and FGD Project officers planted false ashoka (Polyalthia longifolia) tree saplings.

**Kudos to our Green Thumb warriors!**

**Green Heroes: FGD - NOX project team**
