- Increase self-esteem and resilience against stress and adversity.
- Improve concentration, learning, creativity, cognitive development, cooperation, flexibility and self-awareness.
- Prevent childhood obesity.

Junior Green Hero:

Rakshita Malviya

Reusing Scrap!

Mr. Santosh Koshti from WSMHL 20MW Mangalwedha, made water tank LID using scrap material.

Good work!

Benefits

1. Reuse of Scrap
2. Saving of natural resources

Green Hero:

Mr. Santosh koshti

Reusing disposed paint container!

Mr. Debendra Sahoo, Operation Engg. – Kalinganagar with the help of operation operator made 70 Pots using disposed plastic paint container for Flower Plant Sapling.

Good work!

Benefits

1. Reusing of disposed material.
2. Saving of natural resources.
3. Saving of Approx. Rs 3500 rupees.

Green Heroes:

Mr. Debendra Sahoo and Mr. Mustkeem Ahamad

Growing Organic!

Mr. Dipanjan Ukil, MMD – Kalinganagar along with maintenance team members planted 8 Banana Trees using organic manure.

Great work!

Benefits:

1. Increase in green area.
2. In addition to releasing nutrients, as organic fertilizers break down, they improve the structure of the soil and increase its ability to hold water and nutrients. Over time, organic fertilizers will make your soil-and plants-healthy and strong.

Green Hero:

Mr. Dipanjan Ukil
