Organic Compost Machine - Smart Solution for Bio waste!

Team Civil and employees of Dharavi RS installed organic compost machine at Dharavi to convert canteen and garden waste. The machine converts organic waste to manure within 24 hours, which then can be used for Gardening purposes.

Kudos to green heroes!

Benefits:

- Chemical free manure
- Space requirement is very less
- Saving of Rs. 40,000 per month
- Reuse-reduce-recycle
- Reducing load on dumping grounds
- Reduction in pollution.
