

Doorstep delight camp with a difference!

Team Tata Power in collaboration with Hiranandani, conducted an awareness camp around adopting a green lifestyle in Castle Rock, Hiranandani, Powai.

At the event, the team promoted sustainability initiatives by building awareness about –

- **Switching to Green Power**
- **Opting for E-bill/ Whats App registrations**
- **EV Charging/Smart Meter/Home Automation Solutions**

Our team also facilitated name change processing, contact data validation, clarifying consumer queries, etc.

Our initiative, ensuring doorstep delight was appreciated by Mr. Sudipta Lahiri, AVP-Administration & Facilities, Hiranandani Group of Cos.

Green Heroes: Astha Anand, Rashmi Pawar, Sudha Dharmaraj, Satishchand Pal, Sanjay Kolte and Shrinivas Dalvi.

Trashing plastic and opting for green!

24 officers planted 125 native plant saplings under the guidance of Mr. Vivek Vishwasrao. They also encouraged the use of reusable bags and distributed 45 bags of cotton and jute to all the participants as well as the staff at Lonavala. The participating officers were from DBNG Urban zone, City zone and Distribution SI & QA.

Great work team!

Green Ode to Azadi ka Amrit Mahotsav !

Trombay CLP team along with their business associates, M/s ThyssenKrupp and DMC celebrated the Azadi ka Amrit Mahotsav in a unique and green way.

To commemorate the 75 years of independence, they made a scrap metal sculpture from rollers of conveyor belts and coloured it in the National tricolour.

Great work!

Green Heroes: Shashikant Saldur, Lalit Neve, Yogesh Lokare, Sachin Akhade, Mahesh Gharat and ThyssenKrupp & DMC Team.

Tree Plantation drive to remember Mr. J.R.D Tata!

Senior leadership and FGD Project officers came together to conduct a tree plantation drive on the occasion of Mr. J.R.D Tata's 118th birthday. Mr Manoj Samaiyar, Head - FGD & NOx Projects, Jojobera, was also present for the drive.

Great work!

Green Heroes: Manoj Samaiyar, N K Singh, B C Maji, Sadesh Pd Kurmi, Anirban Goswami and Rohit Gupta.

Reducing carbon footprint one scrap structure at a time!

Three ton scrap material was reused for pipe erection and support fabrication of cooling water & fire hydrant line.

Great Work Team Khopoli MMD!

Did You Know – New metal production from the ore releases far greater amounts of greenhouse gases as compared to recycled metal!

Green Heroes: Vishal Valanju, Amit Upadhyay, D K Dhumne, A R Naik and team Goodwill engineering
