

Reducing carbon footprints at Trombay!

Mr. Vikas D More from Trombay displayed the fire extinguisher Operating instructions of every fire cylinder in local language. Instead of using vinyl or foam sheet for the displaying purpose he used one sided used papers with Lamination.

Good work!

Benefits:

1. Reducing carbon emission in environment by using used papers.
2. Improvement in 5 S and Safety.

Green hero:
Vikas D More

Waste Management and Greenolution!

Team Hydro reused the scrap of transmission towers which was removed from new Airport site. The scrap steel is used for making SCADA building monsoon protection shed , parking sheds and duct line fence work at Khopoli , Bhivpuri and Lonavala HW.

Good work!

Benefits:

- 1 Saving of Rs 10 lakhs and reduction in 25.5 Tons Co2 Emission by reuse of 15 tons steel.
- 2 Reducing dependency on natural raw material
- 3 Saving of time and effort for procurement of required steel material
- 4 Supporting organization drive on sustainability – SDGi -12 (Scrap utilization from metal scrap)

Green heroes:

Fulendra Dhurandhar, Basavraj Munnoli, K B Gangadhar, P R Tupe, N L Ghatage and Santosh Pingale

Developing saplings using seeds!

Team hydro developed saplings from the seeds of trees collected from the forest. They sowed the seeds of Tamarind, Jambhul, Banyan, Pipal and mango saplings at plant premises.

Good work!

Benefits:

- Increasing green cover
- Saving cost

Green heroes:

Nagesh Ghatage, Krishna Gawada, Parshuram Mengale, Neha Bande and Sayani Chatterjee

Tree Mittras of CGPL chemical team!

CGPL- Chemical dept team participated in the tree plantation drive at RODM area. They planted more than 55 medicinal and flower saplings. Mr Sunakar Behera Head - Chemical and Water System motivated the team to make CGPL improve the green belt.

Good work!

Benefits:

Improve ambience

Sensitizing people to grow and care trees

Green heroes:

Sunakar Behera, Ramakanta Dey, Saurabh Sharma, Ashok Singh, Shyam Ramaiya, Sajjubhai Shaikh, Navnit Hariyani and Biren Sevak

TVW 16 and greenolution!

On the occasion of Tata Volunteering Week 16, team Walwhan Solar KA Ltd. arranged Tree Mittra drive at Kudhalahalli, Kodihalli village. They planted 75 saplings and sowed 1000 seeds. Team also carried out cleanliness drive and collected 50 Kg plastic waste. It was then handed over to concerned authority for proper disposal.

Great work by team!

Benefits:

- Volunteering is an activity that everyone can enjoy, while learning the value of doing good things for the causes and the people we care about.
- Increase in green cover
- Waste management and awareness

Green heroes:

Satish Bhat, Shivaraman, Shivakarmakar and 50 volunteers including family members
