

Enhancing Safety with scrap conveyor belts!

Team Dharavi GIS project used scrap conveyor belts to provide safe access way during project execution.

The initiative helped to save cost and maintain safety at the workplace.

Green Heroes: Dharavi GIS Project Team, Civil & Tr. Project

Rescue of injured Nilgai!

Nilgai, protected under the Schedule III of the Wildlife Protection Act, was found injured near the main gate of our plant located at Rann of Kutch.

DMS & MMS team did the environment friendly act of saving the life of Nilgai by providing it with food and water and contacting the forest department for further treatment.

Green Heroes: Jayesh Rana, Dharmesh Rathod, Nirmal Chauhan, Nirav Pandya, Vishnu Katana, Bhailal Padivadiya and DMS & MMS team

SRA Project – Bottom Ash Utilization At Site!

Bottom Ash is a by-product of coal-fired Thermal Power Plant. Approximately 2400 MT Bottom Ash is generated from the Trombay Thermal Power Plant. This has been used as backfilling material at SRA Project site.

This initiative will help us in achieving sustainability & waste management goals and ash utilization generated by the Trombay Power Plant. It will also help us get IGBC certification.

Green Heroes: Mr. M B Mehta, Mr. Gautam Sinha, Mr. Nagesh Ghatage, Mr. Vipul Singh, Mr. Shubham Pawar, Mr. Rohit Pandey, Mr. Vinay Sonawane.

Recycling scrap to make sustainable dustbins!

Our team promoted reusability and creativity by reusing scrap material and converting them into dustbins. By doing so, the team reduced waste generation and promoted the reusability of scrap materials.

Through this initiative, there was an estimated cost savings of Rs.2,000.

Green Heroes: Keshari Mishra, Sourabh Kumar, Praveen Kumar and Tushar Swain

Rescue of injured bird!

An injured bird was rescued and provided with first aid at the Haldia MMD Office before being released back into the environment. This initiative helped raise awareness about the need to address animal welfare in our built environment.
