

WREL makes in-house Silica reclaim unit using reused material!

Team WREL made in-house Silica reclaim unit using reused material. They used scrap galvanized material for this. The idea was initiated by Mr. A R G Mulla and was completed under the guidance of Shiva Prasad Karmakar.

Great work!

Benefits:

- Saving of Rs. 250 per 1 kg
- Saving of time and energy
- Increasing efficiency of transformer

Green heroes:

Shiva Prasad Karmakar, A R G Mulla, Nikhilesh Kamble, Navin Oraon, Rangaswamy, Umesha B C and Maruthi M

Snake rescue by TPREL-Nimbagallu team!

Team TPREL-Nimbagallu Wind O&M cited a Russell's viper near the office building. Team members rescued the snake with the help of certified snake rescuer and then released it in the nearby forest area.

Great work!

Benefits:

Snakes form a key link in the food chain. They act as predators ,and as prey. They help maintain a healthy ecosystem and environment .

Green heroes:

M.Sudakar, P.Ravikumar, K.Suresh, S.Ananth, B.Noormohammad.
Mr.Obulesh ,Mr.Vannur valli.

Rescue of snake!

Team Kalinganagar , rescued a venomous snake from DG plant area with the help of certified snake catcher team and released the snake at nearby forest.

Good work!

Benefits:

Snakes play an important role in our ecosystem by maintaining a balance to the food web. Because snakes are both predator and prey, they keep the pest population down by feeding on mice and other small rodents that damage crops and carry disease.

Manas Kumar Sahoo, Abinash Mohanty , Babuli Bhanja , Prasanta Jena, Anil Nath, Dipti Ranjan Jena

Green Initiative at TPSSL Srinivasapura CSL site!

Team TPSSL Srinivasapura CSL carried out tree plantation drive at site area. They planted saplings of native trees.

Great initiative!

Benefits:

Planting trees along the boundaries of large fields and around homesteads is very useful because they act as fences and windbreaks. The direction of wind and its speed can be altered by the presence of trees. Trees also act as barriers by absorbing the downfall of sleet, rain and hail. This provides protection for people, buildings and animals.
