Reducing Carbon footprint at PSCC!

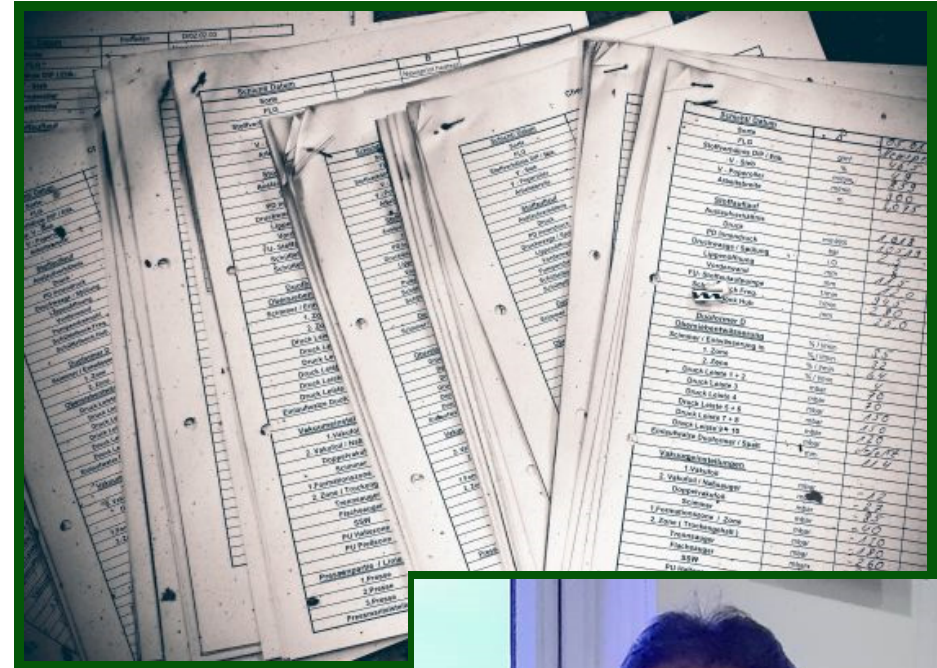

10,000 one sided paper were sorted at PSCC during 5S drive. Team is using these papers for printing. Use of one sided paper of printing has reduced the requirement of new paper and achieved saving of approximate 8,000/- rupees annually.

The initiative was taken by our green hero from PSCC - Mr. Sadanand Bhalekar.

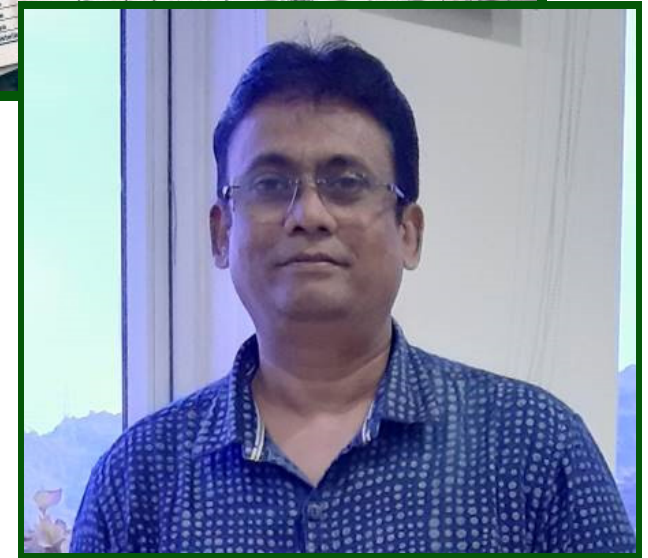

Good work

Benefits:

Reducing carbon footprints
Annual saving of Rs. 8000/-

Fighting Covid-19 pandemic in an innovative way!

Raheja Reflection DSS was unmanned hence team had to travel daily 28km to switch on/off the lights. In the view of Covid-19 pandemic situation, DNMG North Zone installed light timer for outside yard lighting so that multiple contact can be avoided.

Good work

Benefits:

Saving Energy
No travelling resulting into saving time & cost of fuel
No carbon emission.
Enhancing safety.

Water conservation initiative by CGPL!

At CGPL, treated water is being used as cooling water in the compressor house. Approx. 8500 liter/day water was being drained into the trench. Chemical team diverted this water for gardening usage with the help of waste sample bottle and hose pipe. Total water saved approx. 3000 cubic meter/annum.

Great work!

Benefits:

Water saving of approx.
3000 cubic meter/annum

Plants our best friends!

During lockdown period, when schools were closed, Aneeka Saha daughter of Mr. Sukalyan Saha from Kalingangar made plants her best friend. She planted Aloe vera, Tulsi, Money plants etc in pots at home balcony with the help of her parents. She has been watering the plants regularly and Mr. Sukalyan Saha encouraged his daughter in this activity.

Kudos to our junior green heroes!

Benefits:

Spread awareness
