

Rescue of Kite fledgling!

Team PH#6 found a Kite fledgling at the staircase of Service Building. It somehow lost its track and got trapped inside the building. Team rescued the bird, fed some water and provided warmth to the bird. After a few hours the fledgling regained its strength and the team helped in its flight to the nearby tree.

Kudos to green heroes!

Benefits:

Raptors help to prevent prey population explosions that can lead to habitat problems. Raptors are also important environmental barometers.

Aritra Das and Mathan Singh

Rescue of Leverets!

Mr. Rakesh Bhut from CGPL rescued two Leverets during area levelling work at site.

Good work!

Benefits:

Biodiversity boosts ecosystem productivity where each species, no matter how small, all have an important role to play. For example, A larger number of plant species means a greater variety of crops. Greater species diversity ensures natural sustainability for all life forms.

Waste segregation practice by DNMG team!

Team DNMG Metro zone used empty material boxes to segregate one sided paper and waste paper. This initiative helped save 200 - 300 sheets of papers monthly. This initiative increases practice of reusing one sided paper instead of sending them directly for recycling.

Good work!

Benefits:

Reusing is better than recycling because it saves the energy that comes with having to dismantle and re-manufacture products. It also significantly reduces waste and pollution because it reduces the need for raw materials, saving both forests and water supplies.

Rohan Todankar and Rani Sinha

Helmet Stand by Using Scrap Materials!

Team IEL made a stand for workmen for keeping their helmets in an organised manner. It was made using waste scrap material.

Good work!

Benefits:

1. Reusing of scrap
2. Improvement in 5S

Green heroes :

Prashant Jena, Gunasagar Sahoo and Sanmoy Mishra

Holi celebration in green way!

Mr. Ashok Kolapalli from Maithon made natural colours for Holi celebration using Turmeric, Kumkum, Neem leaves and Tomato paste.

Good work!

Benefits:

Most of the times colors are laced with chemicals and heavy metals which are not only harmful for the skin and hairs but are quite bad for overall health too. Chemical colors can cause irritation of eyes, skin and scalp; it can also trigger dry skin and allergies.

Green hero :
Ashok Kolapalli
