

Water feeders for birds!

Mr. Vishwanath B Patil and Mr. Zia S Usmani from Dharavi used the scrap material to provide the Water for Birds in the sizzling hot summer.

Good work!

Benefits:

It is important for birds to maintain their body temperature in summer. Issues related to dehydration, stomach troubles and fever can turn fatal for them in this season. Keeping water outside the house or at window can prevent death of many birds.

Green Heroes :

Mr. Vishwanath B Patil and Mr. Zia S Usmani

Going Zero Waste!

Ms. Jayeeta Pal from Carnac switched to eco-friendly glass bottles and even stainless steel straws from plastic bottles and straws.

She is thus able to be eco-friendly and protect herself from BPA and BPS chemicals that leach from the plastic bottles.

Good going!

Benefits:

1. Reduce in plastic use and waste
2. Awareness in colleagues

Green Hero :

Jayeeta Pal

Tree Mittra from WSPBL!

Team WSPBL planted 65 trees as a part of Tree Mittra campaign, an Afforestation Drive to plant 3.2 lakhs trees.

Great work by team WSPBL!

Benefits:

- Trees improve our air quality by filtering harmful dust and pollutants such as ozone, carbon monoxide, and sulfur dioxide from the air we breathe
- Trees reduce the amount of storm water runoff, which reduces erosion and pollution in our waterways and may reduce the effects of flooding

Green Heroes :

Mr. Keshari Kumar Mishra, Mr. Gagan deep, Mr. Darshan Singh, Mr. Gurpreet Singh, Mr. Channan Singh, Mr. Channan Singh and Mr. Sailendra Singh

Green Mittra from Khopoli!

Mr. A G patil (Chief - Hydros) and Mr. D D Mendgudle (Head-Bhivpuri & Khopoli Hydro Power Station) participated in the afforestation drive along with Volunteers from khopoli division. They planted 200 saplings of Karanj and wild species of trees near plant premises. 22 volunteers participated in the drive.

Kudos to team Khopoli!

Benefits:

- Many species of wildlife depend on trees for habitat. Trees provide food, protection, and homes for many birds and mammals
- Trees reduce the urban heat island effect through evaporative cooling and reducing the amount of sunlight that reaches parking lots and buildings. This is especially true in areas with large impervious surfaces, such as parking lots of stores and industrial complexes

Green Heroes :

Mr. Ashwinikumar Patil, Mr. Dhanappa D Mendgudle and Team Khopoli

Going Zero Waste!

Mr. J Lalith Varman from Trombay started using clay water bottle instead of plastic bottle to reduce plastic waste.

Good work!

Benefits:

1. Reduce in plastic use and waste
2. Water in clay bottle can help to improve health
3. Awareness in colleagues
4. Reduction in refrigerator power consumption

Green Hero :

Mr. J Lalith Varman
