

# Green Heroes of the month

September 2018 - part 01

## Organic Garden - For better Environment and Health!

Mr. Chandan Gupta from CGPL developed organic kitchen garden at his house in Aashiyana Township Mundra. He has been growing various vegetables without using any chemical fertilizer or pesticides from last 4 years.

Good Going!

Benefits:

1. Reduced Exposure to Pesticides and Chemicals
2. Organic Farming Builds Healthy Soil
3. Organic Farming Supports Water Conservation and Water Health

Green Hero:  
Mr. Chandan Gupta

## Reuse of scrap files!

Mr. Priyasish Roy from Team Maithon - Chemistry made S+ 5S poster and slogan using Scrap file and register cover at MPL Chemical & Environment Laboratory with the help of ICPL DM plant team.

Good job!

Benefits:

1. Recycling or reusing papers or files can help to save environment and money at the same time
2. Better Housekeeping.
3. Reduce in some amount of scrap.

### Green Heroes

**Mr. Priyasish Roy, Mr. Neelesh Kumar Tiwari,  
Mr. Shivakrishna Gajula, Mr. Ajay Jha and Mr. Binod Yadav**

## Water conservation at Jojobera!

Team Jojobera utilized the Waste aluminum sheet for the Nomenclature of the equipment's in 5S Gemba Area. This initiative is for resource conservation as well as protection of equipment from damage.

Great work!

### Benefits

1. Resource conservation
2. Reduction in scrap

Green Heroes

Mr. Sachchida Nand and Mr. Abhishek Verma

## "Sparrow feeder" by Sandip Tiwari!

Mr. Sandip Tiwari from Trombay- Stores made Sparrow feeder from waste material.

Great work!

Benefits:

1. Feeding birds can be a fascinating educational activity for all ages.
2. Birds eat much more than seed, suet and nectar, and feeding birds in your backyard also invites them to feast on the insects, worms, snails and spiders in your landscape.
3. For many urban birders, the birds they see at their feeders may be the only wild animals they have the chance to interact with. This can be an ideal activity for senior citizens, individuals with limited mobility or young children to get their first exposure to nature.

**Green Hero**  
**Mr. Sandip Tiwari**

## Plantation at ESIC DSS!

Being interested in Gardening and Nature, Mr. Raju Virkar from Distribution West Zone initiated plantation activity with the help of maintenance team at ESIC DSS Office. Mr. Virkar & team have planted various flower plants.

Kudos to Green Heroes!

### Benefits:

In addition to the benefits flowers provide to the local ecosystem, they also greatly benefit humans. The natural bugs and birds that flowers attract help keep our own surrounding environment healthy.

### Green Heroes:

**Mr. Raju Virkar, Mr. Micheal Rodrigues, Mr. P Y Patil,  
Mr. S S Kanchan, Mr. Suresh Yadav and Mr. Ganesh Patil**

## Rescue of Rabbit Kittens!

Team 17 MW Nagasamudra Solar, Karnataka site rescued Rabbit kittens which were exposed during routine grass cutting work.

Good work!

Benefits

Caring about animals is part of what makes us better people.

Green Heroes

Mr. Nandish N, Mr. Dhanunjaya K,  
Mr. Manoj Chawan and Mr. Mari swami

## Reusing Scrap for Eye Washer!

Mr. Chandan Gupta from CGPL reused scrap plastic drums of 210 liter capacity as permanent water reservoir for eye washer arrangement at three different substations to mitigate the risk during substation battery bank maintenance job (battery maintenance). He also used waste MS pipe for stand.

Great Work!

Benefits:

1. Reducing of carbon footprints by reusing scrap
2. Reducing the risk by acid
3. saving cost Rs 10,000/-
4. Re-using approx. 200 kg Scrap MS pipe.

Green Heroes

Mr. Chandan Gupta

## Being Water Smart!

Team Civil - MPL replaced all pillar cocks of toilets of Technical Building, MPL with auto closing system pillar cock and ECO 365 Aerator. This aerator reduces water wastage up to 80% than the regular aerator. Go green sticker is placed on wall near the taps to spread awareness about this initiatives.

Great Initiative!

Benefits:

Water is necessary for the sustenance of human life. While the supply seems abundant, water is not a limitless resource, particularly the fresh potable water most necessary to human survival. Without conservation efforts, this vital supply of water may be exhausted.

**Green Heroes:**

**Mr. Bishwajit Pradhan and Mr. N R Prasad**
