

## Rescuing a wildlife!

Mr. Ashish Tiwari and Mr. Raghuvir Dhanke helped rescue a snake (russell's viper) with the help of 'Sarpa Mitra' at the entrance of the maintenance office at Vikhroli. The snake had been released near Bhandup Pumping station forest.

**Good work!**

### Benefits:

Snakes are important elements in their native environments, regulating the populations of their prey.

### Green heroes:

Mr. Ashish Tiwari and Mr. Raghuvir Dhanke

## Recovery of seepage water!

Team Kalinganagar - Chemical & Environment recovered seepage water and rain water during rainy season from cable trench to cooling tower. Previously this water had been discharged to the storm water drain. Till the mid of September-19, team recovered approx. 3311 m<sup>3</sup> water in cooling tower.

**Good work!**

### Benefits:

1. Minimizes the use of fresh water in Cooling Tower
2. Saved natural resources
3. Stopped the wastage of water

### Green heroes:

Mr. Mustkeem Ahmad, Mr. Amaresh Nayak and Mr. Malay Kumar Rakesh

## Cleanliness drive at Marve beach!

Tata Power Mumbai Distribution West Zone took the initiative to clean up the Marve beach after Ganapati immersion on 13<sup>th</sup> Sept 2019. 26 Employees from Distribution West Zone, Distribution North Zone, Transmission line and Transmission (O&M) division participated in the drive and approximately 80-90 kgs of plastic and other non-biodegradable waste was collected from beach and handed over to MCGM officials for further disposal. Local residents, MLA Mr Aslam Shaikh and NGO officials appreciated Tata Power initiative towards green revolution.

**Great work!**

### Benefits:

By keeping ocean trash free we can **help protect** and preserve marine life. Each individual **can** contribute for the **ocean's** ecosystem by playing their part in keeping the **beaches clean**.

### Green heroes:

Mr. J C Panchal, Mr. S S Dighe, Mr. S A Bakre and Mr. S G Joshi

## Rescuing cormorant!

Team Bhira rescued “Indian Cormorant” bird locally known as “Paan Kavala” at Mulshi area. They safely captured the bird and then set it free in the Mulshi Lake.

### Good work!

### Benefits:

As an upper trophic-level predator in aquatic systems, cormorants are useful indicators of environmental pollution and may contribute to limiting invasive prey populations.

### Green heroes:

Mr. V S Satpute, Mr. Gopinath Barngule, Mr. Chintamani Satpute and Mr. Baswant

## Environment awareness in Maithon!

MPL Coal logistics department organised fruit sapling distribution and R&R program for Hyva drivers of coal and ash transportation at Pandra Village in the presence of MPL Senior Management and local administration.

### Good work!

### Benefits:

Plants and trees are vital to life and are an integral part of our environment. They provide oxygen, conserve water, improve air quality, reduce noise pollution and help control climate

### Green heroes:

Mr. S.H. Pandey, Mr. Tarun Chattopadhyay, Mr. Rakesh Singh Bhadoriya, Mr. Koushik Ganguly, Mr. Rahul Pandey, Mr. Anil Pradhan, Mr. Susheel Singh, Mr. Rajiv Ranjan, Mr. Vikram Rathore, Mr. Gopal Barnwal, Mr. Mrityunjai Ray, Mr. Bikash Dutta and Mr. Annad
