

Single use plastic is never fantastic!

HR & Admin – Kalinganagar Team replaced all the Plastic bottles of office drinking water by Stainless Steel bottles. This initiative has been taken to reduce the plastic use in office”.

Total 110 no. of plastic bottles replaced by SS Bottles.

Great work!

Benefits:

Plastics generally have a short useful life compared to metals. This short life cycle results in pile-ups of unwanted garbage in the office, home or waste yards. Although some of the plastics are recycled, most remain uncollected in dump sites and pollute the environment.

Green heroes:

Mr. Amit Kumar, Mr. Krishna Sura Reddy, Mr. Subrata Roy and Mr. Akshya Satapathy

Auxillary power saving at Kalinganagar!

Control Desk Engineers of IEL, Kalinganagar saved auxiliary power consumption by using two 25 TPH DM water pumps instead of running a 100 TPH DM Water Pump.

Great work!

Benefits:

Saving auxiliary power Consumption of 273.6 KWhr/day.

Green hero:

Sadashiba Sahoo

Python rescue!

Team Bhira helped rescue a Python from senior camp area. They released the snake into the natural habitat with the help of a snake rescuer.

Good work!

Benefits:

Snakes make up a significant proportion of the middle-order predators that keep our natural ecosystems working. Without them the numbers of prey species would increase to unnatural levels and the predators that eat snakes struggle to find food. The feeding habits of snakes act as a natural form of pest control

Green heroes :

G B Deshmukh, Pathubha Kamariya, Udhav Suryavanshi, Prahalad Tupe, S K Kandi and Rakesh Verma

Rescue of Russel Viper!

Mr. Rijwan Qureshi from Trombay spotted a snake near unit 8 JNT-2. With the help of security personnel, a snake rescuer from NGO Manav Abhyas Sangh was called who rescued the snake and released it in the natural habitat. Security team took safety precautions during the incident.

Kudos to green heroes!

Benefits:

Reptiles play vital roles in the functioning of ecosystems: as predators they control their prey populations, and as prey themselves they provide a vital food source for birds and mammals. They serve as useful biological indicators for the health of their environment.

Junior Tree Mittra!

Youngsters of CGPL township have adopted a new initiative for the afforestation program. They distribute saplings on birthdays of employees and their family members.

Great initiative!

Benefits:

When you give the gift of tree saplings, you are giving better future and health to your recipient.
