

Best out of waste!

The ES&A team of Distribution Division Mahalaxmi took an initiative of refurbishing 50 old Chairs by using spare parts of used & broken chairs. They also placed one metallic plate below the seat to strengthen the base of the seat to safeguard the person.

Great work!

Benefits:

1. Better safety
2. Reusing scrap
3. Saving natural resources

Green heroes:

Rohan Suvarna and Rajesh Shinde

Reusing scrap to make a Bus stand!

Team of MPL - Coal handling plant reutilised scrap material like old hood covers, rejected metal sheets and handrails to make a Bus Stand.

Great work!

Benefits:

Recycling metal reduces pollution, saves natural resources, reduces waste going to landfills and prevents the destruction of habitats from mining new ore.

Green heroes:

Rupesh Singh, Manish Kumar and Ashok Shah

Before

After

Going organic!

Mr. Kunjan Singh and his family uses kitchen waste to make compost for his home garden.

Good work!

Benefits:

1. Organic food is fresh
2. Organic food has more nutritional superiority

Green heroes:

Kunjan Singh and family

Reusing scrap for safety!

Team of Padaliya 25 MW Solar Plant (WREL), covered up SMU using scrap sheets to stop water ingress.

Good work!

Benefits:

1. Better safety
2. Reuse of scrap

Green heroes:

Nitesh Pareek, Vivek Singh Bisen and Harshit Chouhan

Tree Mittra from Maithon!

As a part of plantation drive of Tata Power, MPL Projects team along with MPL Environment team took an initiative and planted around 250 saplings in front of the site office.

Great work!

Benefits:

- 1) Trees releases oxygen that we need to breathe.
- 2) Trees reduce the amount of storm water runoff, which reduces soil erosion.
- 3) Trees provide food, protection, and homes for many birds and mammals.
- 4) Trees can soothe and relax us and help us connect to nature.
