

## Automatic Hand sanitization machine by WREL Punjab!

Team WREL Punjab made an automatic hand sanitization machine at site using some scrap material and electronic circuit. The project cost was Rs. 389 only, while similar machines are available for Rs. 5000-6000 in the market.

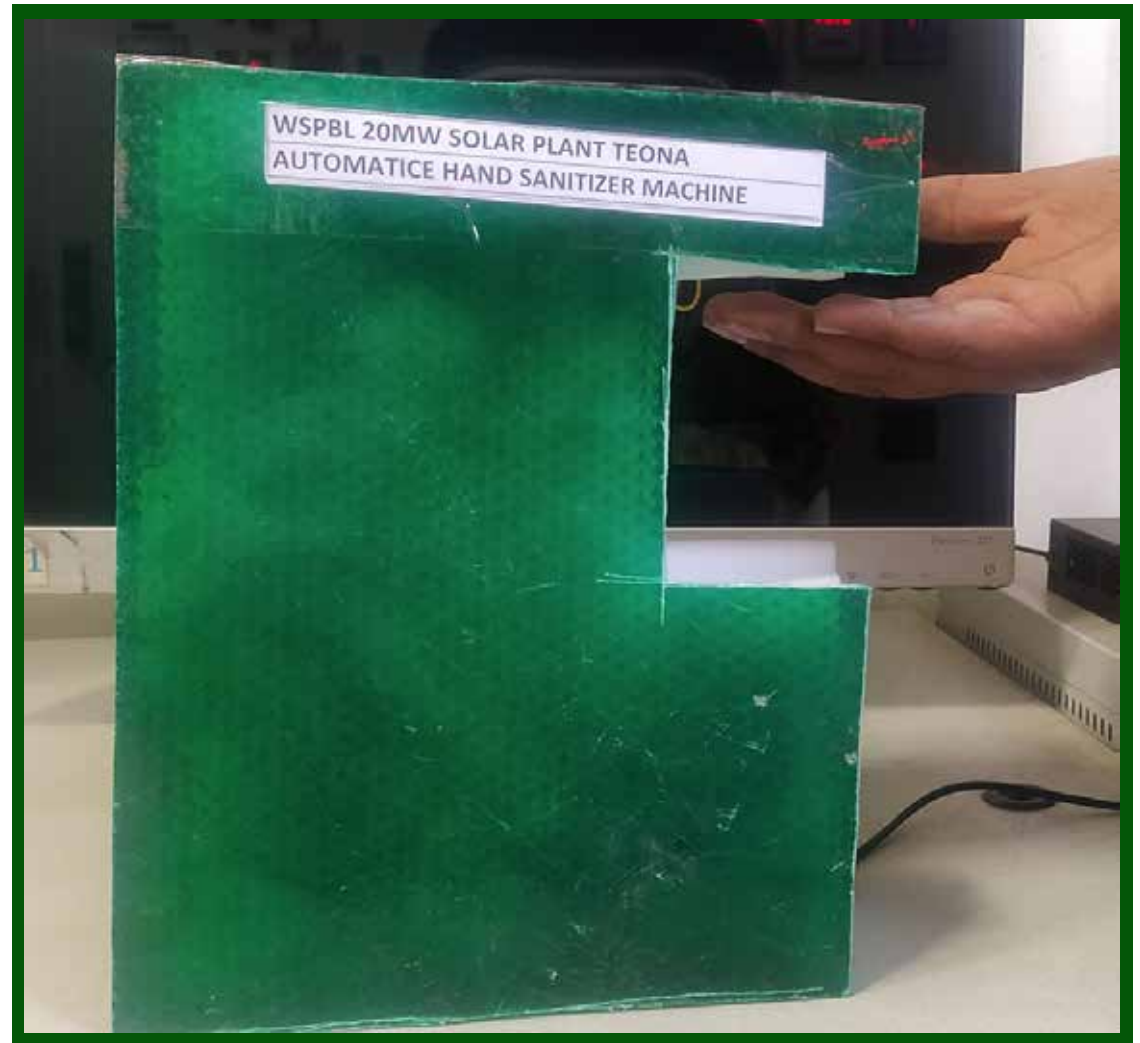

**Well done team!**

### Benefits:

1. Reusing of scrap material
2. Easy to use
3. Hygiene improvement

### Green heroes:

Keshari Kumar Mishra, Varinder Kumar

## Organic gardening for home kitchen!

Mr. Ramesh Patra from IEL Kalinganagar planted and harvested green vegetables at his kitchen garden without using chemical fertilizers and pesticides.

“Greenolution has enthused me as well as my family and we decided to create a kitchen garden for our home. We have planted green chilli, Pumpkin, Cucumber, Radish, Brinjal, Tomatoes, Kohlrabi and leafy vegetables like Palak and Coriander leaves. We are harvesting fresh vegetables for my home and sometimes we also help our village people. The taste of the vegetable are better than those purchased from market”.

-Mr. Ramesh Patra

**Kudos to our green hero!**

**Green hero:**  
Mr. Ramesh Patra

## Improvements for Greenolution!

Team Sahar made few improvement at site by installing a timer to control the On/Off cycle of outdoor lights at BMC DSS. The automatic timer will turn on/off the supply of DSS outdoor lights based on its time settings without any manual intervention.

**Great work!**

### Benefits:

- Improvement of the equipment life.
- Reduced carbon footprints because of lesser energy consumption by LED.
- Total 100 old tube lights of 38 watts (Total 3800 watts) have been replaced with 50 LED s of 20 Watt (total - 1000 watts)

### Green heroes:

Pratik Bakrania, R R Pote, Rajesh Chawan and SM javed

## Seating arrangements for employees using old foundation blocks!

Team DMS-MMS WREL Gujarat converted old foundation blocks to create a seating arrangement for employees. This structure can be used for O&M team morning meeting, group discussion and brain storming sessions.

**Good going!**

**Benefits:**

1. Cost saving
2. Resource saving
3. Improved ambience of area

**Green heroes:**

Jayesh Rana, Sanjay V (M/s Mitarsh Energy)  
and Team DMS & MMS

## Rescue of pigeon!

Mr. Benjamin and Mr. Vivek Dewangan rescued an injured Pigeon from the turbine floor material storage area. They took the bird to vet and gave proper treatment. After recovery the pigeon flew away.

**Good work team!**

### Benefits:

Caring for animals can lower your chances of suffering from anxiety and stress.

### Green heroes:

Benjamin and Vivek Dewangan
