#BeAGreenVolunteer

Green volunteering is any volunteering activity which makes a positive environmental difference in the community. It can take place in towns and cities, in the countryside, indoors and outdoors, on the coast and waterways and could be as part of daily life or as a holiday experience. Green volunteers can be involved in recycling or waste reduction, climate change activities, leading nature walks or delivering educational talks.

Green Volunteers of Tata Power

Mr. Rajendran Nair (Head-Admin & Corp. Affairs-TPTCL) along with TPDDL officials initiated a Tree Plantation campaign on 27th March, 2018. He has been regularly participating in Tree plantation programs.
